SOURCE: 2005 CBEDS data, California Dept. of Education. County and state averages represent high schools only. Because teachers can hold more than one type of credential, percentages rarely add up to 100 percent.

Our teachers bring an average of five years of teaching experience to their classes. All of our teachers have a full credential. Statewide about 91 percent of high school teachers hold this credential.

The factors above may affect students' performance in school. The one student at our school designated as an English learner speaks Spanish at home.

COLLEGE PREPARATION

Three factors indicate how effectively we prepare students for college: whether students are taking the courses required for college admission, whether the school offers Advanced Placement (AP) courses, and where students ultimately enroll in the state's public college system.

KEY FACTOR	OUR SCHOOL	COUNTY AVG	STATE AVG
Students meeting UC or CSU course requirements	0%	41%	38%

Information in this report changes throughout the year. This data was taken from the California Department of Education in September 2006. A complete annual accountability report is available from our school or district office, and on our district Web site: <http://www.orlandusd.net>

MEASURES OF ACADEMIC PROGRESS

ACADEMIC PERFORMANCE INDEX (API): This is California's way of rating schools. Using student test scores, the API places schools on a scale from 200 to 1000. Please note that as of September 2006 our school had not been issued an API. The state expects schools to attain an API of 800 eventually.

ADEQUATE YEARLY PROGRESS (AYP): This is a federal measure that requires schools to meet test score goals schoolwide and for all subgroups* of students. We met all six criteria for yearly progress, according to the US Dept. of Education. As a result, we succeeded at making Adequate Yearly Progress. Note that the number of criteria may vary from school to school.
